

PRESS RELEASE

FOR IMMEDIATE RELEASE

FISO TECHNOLOGIES EXPANDS SERVICES IN SOUTH EAST UNITED STATES

QUEBEC, QC — March 13th, 2006 — FISO Technologies, a subsidiary of Roctest Ltd (TSX:RTT) and a leading manufacturer of high-quality fiber optic sensors and measurement systems for challenging and demanding applications, has announced today the selection of GenTek Inc. to provide sales representation in the South East of the United States. More specifically, GenTek will promote FISO's fiber optic sensor products in the states of Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina and Tennessee.

According to Francois Pelletier, Vice-President Sales & Marketing at FISO Technologies « *We are very pleased with this agreement which will help FISO to increase its market share in the United States. We believe that GenTek's team of experienced, professional salespeople will be able to reach customers who are not aware of the benefits of fiber optic sensors for test in harsh environment.* »

Forward-looking statement

Except for historical information provided herein, the press release may contain information and statements of a forward-looking nature concerning the future performance of the Company. These statements are based on suppositions and uncertainties as well as on management's best possible evaluation of future events, and as such involve a number of risk factors. Such factors may include, without excluding other considerations, risks related to foreign exchange fluctuations, evolution in customer demand for the Company's products and services, the impact of price pressure from competitors and general market trends, economics and geopolitical changes. As a result, readers are advised that actual results may differ from expected results. The Company is not required to update or revise publicly its forward-looking statements.
